Ideas/Tasks

- I work with the startup, who is working under government projects (PITB) in Plan9 with the support of PITB. The startup name was "IamChef", where the idea is to encourage the housewife's or male chef's to making the homemade food and delivery to anywhere or donate to the needy persons as well.
- Therefore, our CEO needs a responsive website or a Application for this, so with the help of our CEO i build UI/UX designs of the application which is my part in the whole project.
