Go Complete Last Things

OSMAN QUESTION:

Payment key is unique for each missionary correct?

so no problem leaving it unmasked is the point,

it is not the same key for all missionaries and

only account setup person has charity's bank account info

NOT the missionary AND

NOT user by way of having access to info on this donation setup page

(in other words, user would have to have login info for stripe in order to play with account number compared to just having the key which is their personal key they wont mess with)
